In view of the Appeal Brief filed on 15 September 2006, PROSECUTION IS
HEREBY REOPENED. A new grounds of rejection is set forth below.

To avoid abandonment of the application, appellant must exercise one of the
following two options:

(1) file a reply under 37 CFR 1.111 (if this Office action is non-final) or a reply
under 37 CFR 1.113 (if this Office action is final); or,

(2) initiate a new appeal by filing a notice of appeal under 37 CFR 41.31 followed
by an appeal brief under 37 CFR 41.37. The previously paid notice of appeal fee and
appeal brief fee can be applied to the new appeal. If, however, the appeal fees set forth
in 37 CFR 41.20 have been increased since they were previously paid, then appellant
must pay the difference between the increased fees and the amount previously paid.

A Supervisory Patent Examiner (SPE) has approved of reopening prosecution by

DETAILED ACTION

Claims 14 – 26 are pending for examination.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 14 – 22 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01.

Applicant's claimed invention is a method of accounting for postage charges in respect of batches of mail items. Claimed invention stores an accumulated pending value of postage dispensed in applying postage charges to mail items of any uncompleted batches of mail items, and, in response to completion of one batch of mail items (one batch out of plurality of running batches), accumulated postage relating to the one completed batch of mail items is decremented from the accumulated pending value.

The omitted steps are:

Accumulating applied postage charge to each of mail items in their respective batch of mail items (i.e. batch of mail items in which the mail item belongs to).

Art Unit: 3629

Claims 23 – 26 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential elements, such omission amounting to a gap between the elements. See MPEP § 2172.01.

Applicant's claimed invention is an apparatus for accounting for postage charges in respect of batches of mail items. Claimed apparatus has a first memory for storing an accumulated aggregate value of postage dispensed in applying postage charges to mail items, a second memory storing an accumulated pending value of postage dispensed in applying postage charges to mail items of at least one uncompleted batch of mail items, and, accounting means operable in response to completion of one batch of mail items (one batch out of plurality of running batches), decrements accumulated postage relating to the one completed batch of mail items from the accumulated pending value.

The omitted elements are:

Accounting means for accumulating applied postage charge to each of mail items in their respective batch of mail items (i.e. batch of mail items in which the mail item belongs to).

Allowable Subject Matter

Claims 14 and 23 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claim 15 – 23 would be allowable after claim 14 is rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action because claims 15 – 23 claim dependency on claim 14.

Claims 24 – 26 would be allowable after claim 23 is rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action because claims 24 – 26 claim dependency on claim 23.

Conclusion

Applicant is required under 37 CFR '1.111 (c) to consider the references fully when responding to this office action.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
